

ConnectedWorld.TV Awards

In association with IBC Connected World

OKURA HOTEL, AMSTERDAM, MONDAY 12 SEPTEMBER 2011

CONNECTED CONSUMER AWARDS WINNERS

HOME NETWORKING AWARD

This Award acknowledges the advances in home networking that are stimulating new viewing experiences and habits.

Winner: AirTies

The Air 4420 is a self-provisioning wireless video streaming media server that connects any IP Gateway and any network-enabled TV, BluRay Player, games console, IPTV or Hybrid Sat/Cable/DTT STB to wirelessly connect them to the Internet and home network.

What the judges said:

"A superb 'plug & play' home distribution product"

"Airties has strong potential to increase a Telco's value proposition with a good feature-set, and provide short time-to-market because of the pre-integration of software"

"Provides an innovative solution to the real world challenge of connecting devices for video in the home."

Tuncay Cil Vice President of the Product Management Group accepted the Award from Nidish Parikh, Chairman, Board of Directors, DLNA.

Other finalists

- ARRIS
- Bianor
- Elgato Systems
- IMAQLIQ
- Skifta
- ZappoTV

CONSUMER EXPERIENCE AWARD

Presented for software, middleware or to application developers, device and infrastructure suppliers who are improving the online video experience for users.

Winner: 3view

ABOUT | [CONTACTS](#)

The **ConnectedWorld.TV Awards** are organised by BPL Broadcast Ltd.

Publisher of [IBE](#), [Content2Mobile](#) and [Digital Signage Scene](#), BPL has partnered with IBC since 2005 when it conceived and launched the Mobile Zone. An IPTV Zone was added in 2006 and Digital Signage Zone in 2008. All three zones were merged to create the IBC Connected World in 2010.

To complement the dedicated IBC Connected World exhibition area, BPL is launching the **ConnectedWorld.TV** online community in 2011.
